Your Opportunity

This is your opportunity to purchase an established Courier Franchise, which has lots of potential for further growth.

Fastway Couriers actively build their courier runs to maximum capacity, before splitting the territory and selling part of it. This allows them to make a capital gain, and then continue focusing on building up their "split" area.

Some Courier Franchisees have split their original area up to 5 times. The cost of an existing Courier Franchise varies according to size and turnover.

- There are several business in the area as well as several, well established business parks such as Fanningstown Business Park.
- Established client base in retail, commercial and industrial areas.
- Huge potential growth.

Your Benefits

- Full and ongoing training, support and assistance.
- Proven, successful international franchise system established in 1983.
