**This is your opportunity to purchase an established Courier Franchise, which still has lots of potential for further growth.**

Fastway Couriers actively build their courier runs to maximum capacity, before splitting the territory and selling part of it. This allows them to make a capital gain, and then continue focusing on building up their "split" area.

Some Courier Franchisees have split their original area up to 5 times. The list shows details of established Courier Franchises now available for sale. The cost of an existing Courier Franchise varies according to size and turnover.
